IC2AI'27

Byblos–Lebanon

March 17-19, 2027

Second International Conference on Control, Automation, and Instrumentation

ABOUT THE CONFERENCE

The Second International Conference on Control, Automation, and Instrumentation (IC2AI'27) aims to bring together researchers, engineers, and professionals to share recent advances, research findings, and practical applications in control, automation, and instrumentation. The conference provides a platform for knowledge exchange at both national and international levels. Renowned scholars in the field of engineering will be invited to deliver keynote addresses. IC2AI'27 serves as the official scientific conference of the IEEE Joint RA/IM/CS Lebanon Chapter and IFAC Lebanon AMO and will take place at the Lebanese American University, Byblos Campus. Spanning three days, the event will feature peer-reviewed paper presentations, with accepted contributions eligible for inclusion in IEEE Xplore. The conference covers a wide range of topics in control, automation, instrumentation, and related areas.

PAPER SUBMISSIONS

Authors are invited to submit papers in PDF according to IEEE formatting guidelines.

Paper template could be downloaded from the following website:
https://www.ic2ai.org/submission.html

Electronic submission of papers should be done via EDAS:
https://edas.info/N35266?c=35266

Questions regarding submission should be directed to
ic2ai@ieee.org

Accepted and presented papers for authors who complete registration will be submitted for inclusion to *IEEE Xplore*.

CONFERENCE TOPICS

- Control Systems and Control Theory
- Industrial Automation and Smart Manufacturing
- Robotics and Autonomous Systems
- Process Control and Monitoring
- Mechatronics Systems and Applications
- Sensors, Actuators, and Instrumentation
- Intelligent and AI-Based Control Systems
- Machine Learning and Data-Driven Control
- Human-Machine Interaction
- Fractional Control Systems
- Internet of Things (IoT) for Control and Automation
- Energy Management, Smart Grids, and Control Systems
- Clinical Robotics and Biomedical Automation
- Cybersecurity in Control and Automation Systems
- Digital Twins and Virtual Commissioning
- Edge and Cloud Computing for Automation

Honorary Chair
Chaouki ABDALLAH, LAU Pres., LB

Conference Chairs
Naseem DAHER, AUB, LB
Michel OWAYJAN, AUST, LB

Technical Program Chairs
Roy ABI ZEID DAOU, ULS, LB
